

AXE AND HAMMER IN ONE

→ INSERT

Due to the special insert, the axe is suitable both for splitting and for use as a soft-face mallet.

→ CAST IRON HOUSING

High resistance to breakage and the handle-protection sleeve integrated into the cast iron housing make this axe a durable companion for daily work.

→ AXE BLADE

The axe blade is die-forged, hardened and tempered, edged and polished – ready for any application.

→ HICKORY SHAFT

This type of wood has one of the highest densities of any wood and is vibration-damping while retaining its elastic properties. In case of breakage, the long fiber structure ensures maximum safety.
